CCSI 2019 Honoree at The Long Island SummIT Awards

Bohemia, NY, September 30, 2019 – Contemporary Computer Services Inc. (CCSI), a leading provider of technology services and solutions based in Bohemia, NY is excited to be one of the honorees this year at the 23rd Annual LISA Awards - The 2019 Long Island SummIT Awards.

LISA awards are organized by LISTnet a Long Island membership organization that promotes software and technology education and excellence. CCSI believes in promoting technology and software among Long Island and is a member and presenter at LISTnet meetings.

CCSI is honored to receive the LISA award and congratulates all the other honorees. It is a privilege to be recognized by local peers for our effort and performance. CCSI will be receiving the award at the dinner on Monday, October 21st at the Garden City Hotel in Garden City, NY.

About CCSI

For more than 40 years, CCSI has remained on the forefront of technological innovation, navigating clients through a complete IT evolution with a focus on helping firms understand the practical business implications of emerging technologies. CCSI provides the highest quality of service in the industry for the full spectrum of technologies–from containers to PCs, network infrastructures, managed services, IP telephony, cybersecurity, cloud services, SD-WAN, to storage solutions. We provide architecture with innovation. Partner with us and discover what sets us apart from the rest. Learn more at www.ccsinet.com.

About LISTnet

Long Island Software & Technology Network (LISTnet) was founded as a member supported organization in 1997. LISTnet's ongoing mission is to promote Long Island as a national center of excellence for software and technology. We connect companies, educators and government, to form a strong technology ecosystem on Long Island. We help companies collaborate, hold events to share ideas and information, work to improve the tech workforce and partner with companies providing the high tech centers and work spaces needed for the growth of the Long Island software and technology community.
